CIRCULAR

VACCINATION AGAINST TETANUS, DIPHTHERIA AND ACCELLULAR PERTUSSIS (TDAP) & HUMAN PAPILLOMA VIRUS (HPV)

Dear Parents,

As part of the annual vaccination campaign, the Ministry of Public Health (MOPH), in coordination with the Primary Health Care Corporation (PHCC) and the Ministry of Education and Higher Education (MOEHE), will be conducting a vaccination drive at our school.

The campaign includes Tdap vaccine (Tetanus, Diphtheria, and Acellular Pertussis) for students of Grade 9 and 10, and HPV (Human Papilloma Virus) vaccine for Grade 8 students.

These vaccines are safe, effective, and administered according to MOPH guidelines. All students in Grades 8, 9, and 10 must submit their consent forms indicating either "Agree" or "Disagree" (with a reason for refusal) on or before January 7, 2026.

The Ministry of Public Health urges all parents to take advantage of this opportunity to protect their children against communicable diseases. We appreciate your cooperation in making this health initiative a success.

Please note: Dates will be announced in accordance with MOPH instructions.
