Introduction

M.E.S. Indian School, Doha, established in 1974, is an English Medium School, recognized by the Ministry of Education & Higher Education, state of Qatar and affiliated to the Central Board of Secondary Education, Delhi, one of the Gulf's premier educational institutions. The school with its campus has attained unparalleled status and stability in Doha. M.E.S. Indian School has carved a niche for itself in the academic, cultural, literary, sports and games domain among the C.B.S.E. affiliated schools in the Gulf and at the national level. We are the first in Qatar to introduce e-learning for all classes.

Believing that education is a fundamental pillar of societal progress, the school administration has adopted the verse from the Quran, "And say, 'My Lord, increase me in knowledge,'" as its motto. The school strives to disseminate education among students using modern and advanced methods. It also works to instill good morals and strengthen Qatari national identity in its students, fostering respect for the values and heritage of Qatari society.

The school provides a stimulating and progressive environment based on creativity and innovation, contributing to the development and enhancement of its students' abilities so they can contribute to building their communities and facing the challenges of the future.

Article 1 - Is the vision, mission and objectives of the school/kindergarten.

Vision

Our Vision is:

To impart high quality education ensuring a safe, child-centric, disciplined, creative, techno friendly learning environment which focuses on holistic development of students through continuous progress.

Mission

Our Mission is:

To provide a self-motivated, competency based and inquiry-based learning environment well supported by excellent teaching faculty, latest teaching aids and infrastructure facilities which will motivate and groom students to face future challenges with confidence.

Educational Objectives

- To promote positive behaviour, Qatari National Identity and Qatar Culture among students.
- To provide harmonious learning environment that promotes ethnic inclusiveness and cultural diversity.
- To provide outstanding educational, co-curricular, extra-curricular and infrastructure facilities at par with international standards and other applicable regulatory requirements.
- To provide purposeful learning experiences that will help students develop in various ways.
- To enhance creative and critical thinking in students.
- To involve all staff in adopting a quality approach, integrating the principles of continual improvement consistent with Quality Management System and complying with ISO 9001:2015 and Qatar National School Accreditation (QNSA).

- To provide healthy and congenial environment in the campus.
- To ensure holistic development of students.
- To support students with differential learning needs.
- To promote students to express their talents in the various literary, cultural, sports and games activities organized in and outside the school campus at the Inter-House, Inter-School, National and International Levels.
- To develop social responsibility among students by means of donation for the needy and to participate in other social cause as per the need.
- To instil spiritual values in the students by holding classes in Qur'an and Islamic studies for Muslim boys and girls.
- To develop moral values through value education and life skill classes.

Article 2: Organizational Structure

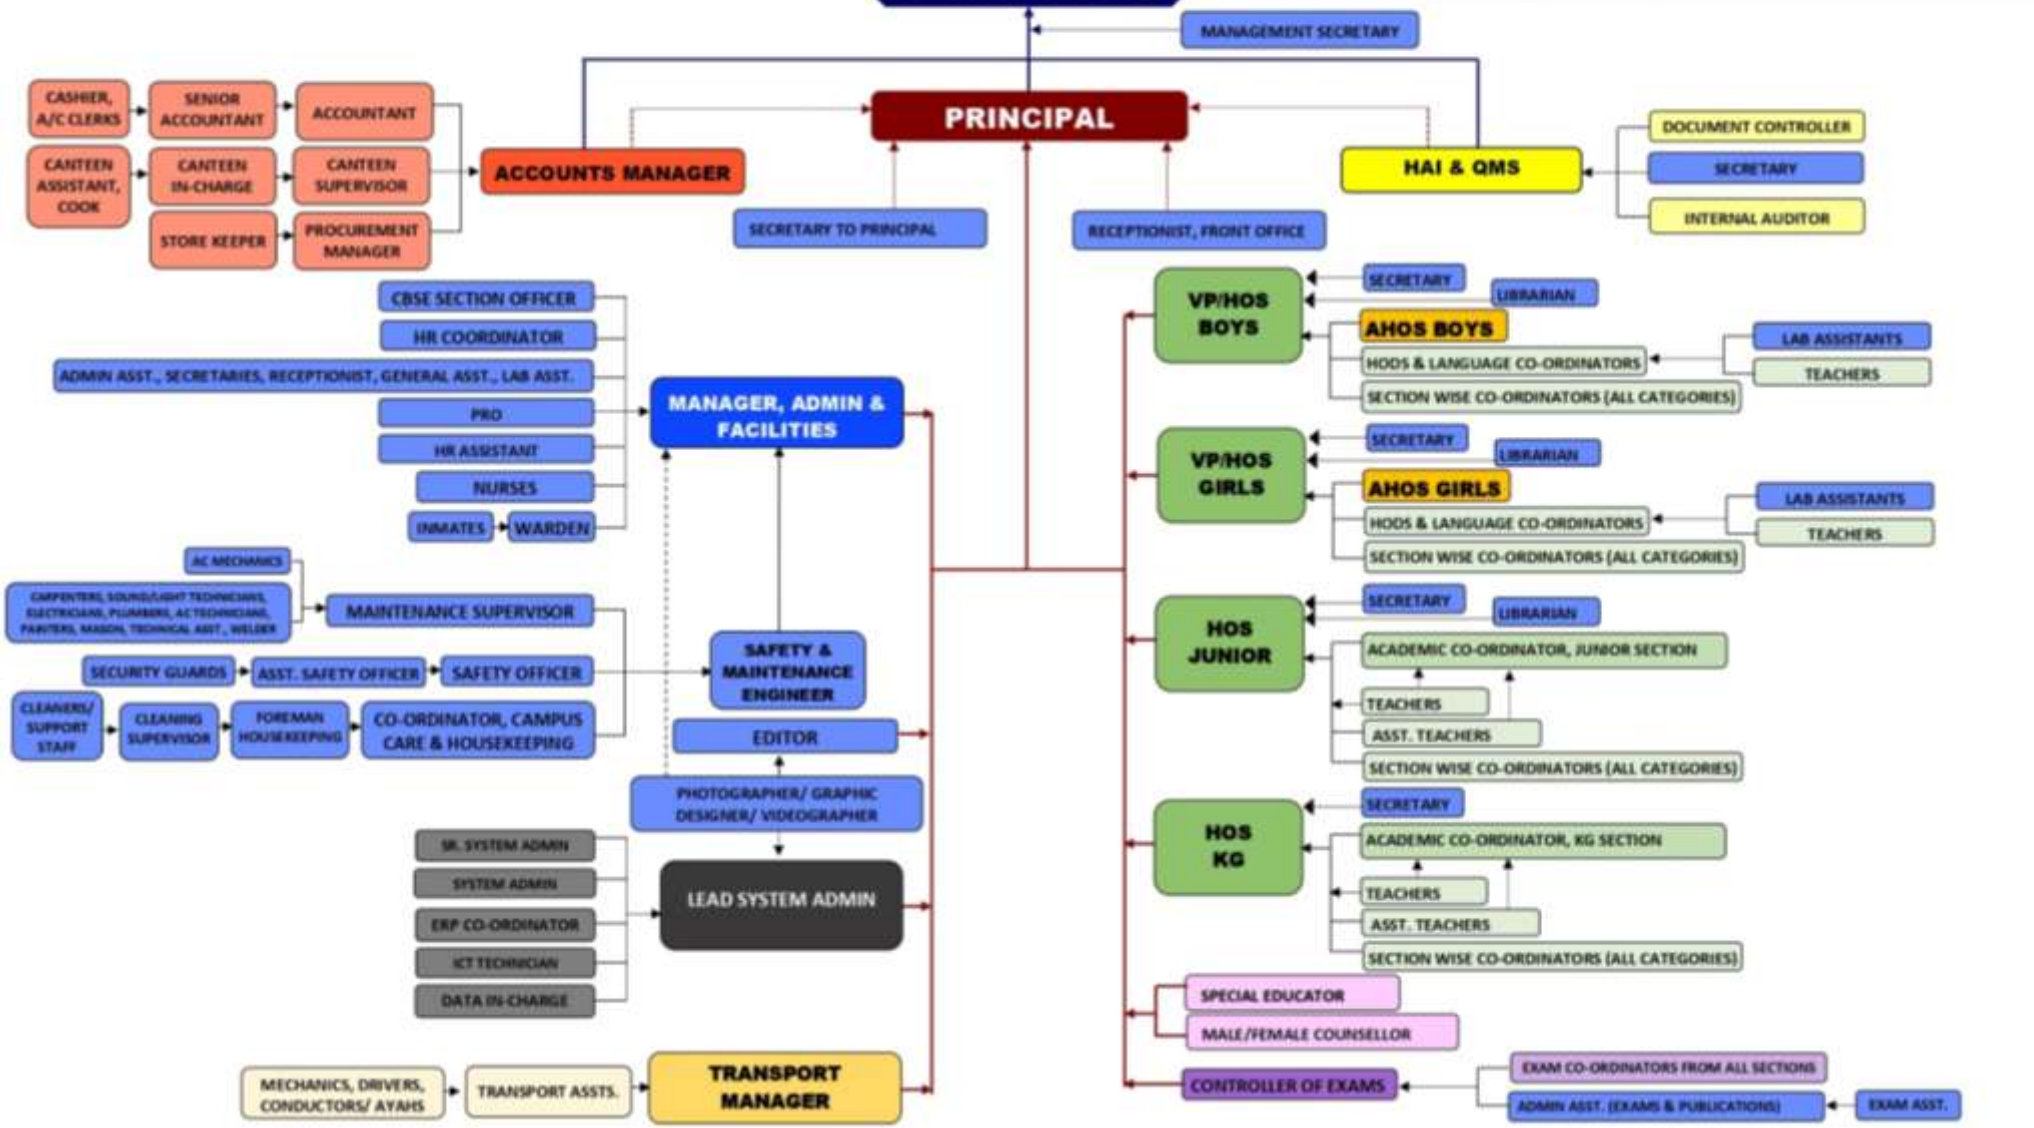

- The number of staff in the structure is proportional to the number of students, the academic level, and the number of classes.
- The organizational structure includes all positions in accordance with the regulations of the Ministry of Education and Higher Education.
- The school adheres to the appointment regulations issued by the Ministry's Private Schools Licensing Department.

Policies:

Students availing school transport

- Students' boarding and deboarding logs shall be properly maintained by the bus conductor.
- The school bus stops within the boundary wall of the school.
- Once the morning drop-off has been done, bus will be checked by the driver, conductor, by teacher in-charge and security at gate to ensure that all students have deboarded and no student is left behind in the bus before the bus moves to the parking yard for final checking.
- At dispersal time, a designated conductor accompanies children of classes KG I to Grade 3 to the school bus in a group.
- Every bus has one conductor present on the route.
- In case a child who usually travels by bus is being picked up by the parent for some reason, this should be done only after due procedure of request from parent to the Class teacher through entry in dairy/email/letter which will be submitted to the Head of Section concerned for exit pass/permission slip. The transport section is intimated about the early leaving children for driver's record and attendance follow-up.

- This gate pass is required to be given at the gate when the parent / guardian leaves with the child.
- At dispersal time, after attendance is taken, if any child who was present in the morning is missing, the conductor/driver confirms with the respective section about the same. The section shall communicate such cases to the Transport Dept. and ensure the reason for absence.
- Zone leaders are assigned to supervise safe and smooth movement of students and buses.
- Care is taken that at no time should a student (especially a female) remain alone in the bus with the driver and male conductor whether at the start or at the end of a journey.
- Routing is planned accordingly so that the first and last child is not a female.
- Bus should be safely parked on the right side of the road at the drop point to ensure students safety.
- Bus routes are optimized so that students are dropped close to their residence as agreed by the parents.
- No student shall be dropped off at any other location unless otherwise the request has been approved by the transport department.
- When children, especially those in Class 5 and below get off at their drop off point, they are not left alone on the road but are handed over only to the parent/maid or authorized representative or as agreed upon.
- The bus driver ensures that the doors of the bus are closed before he resumes the route.
- Banksman is provided whenever there is lack of visibility particularly when the vehicle is reversed.
- School will attempt to drop the child off closest to the gate, and should this not be possible, parents must make arrangements to prevent them walking alone or ensure that they are adequately equipped to manage this confidently, with a good awareness of safety skills. It is the joint responsibility of school and parents to minimize risk to the student and equip them with the confidence to handle risks in an age-appropriate manner.
- In case the parent/representative has not reached to pick-up the student of Class 5 or below, under no circumstances should the student be left on the road. In the event there is another known parent in the same complex willing to take responsibility, this may be permitted as an exception after the teacher confirms this with the parent. If there is no one else to pick up the child, the child may not be permitted to alight, and the teacher on the bus will coordinate with the parent for getting off at the next convenient stop or he/she will be brought back to school and parent shall pick their child accordingly at the earliest.

NON - BUS GOING STUDENTS

- Students shall be dropped and picked at the designated gates which are timely intimated to the parents through circulars.
- Parents' students shall pick their child after 1.25 p.m.
- Early leavers should follow the procedure for early leave and an exit permission slip duly signed by the respective Head of Section should be submitted to the security at the gate.
- KG 1 to Grade 5 students should be picked by the parent.
- Students should oblige to the traffic rules followed near the school gates to avoid any incident/accident. The security on duty will assist the students in crossing the road as applicable.

Article 19: Distance Learning

DISTANCE LEARNING POLICY

1. Purpose:

This policy outlines the measures, technology resources, and strategies for implementing distance learning at MES Indian School. It aims to ensure that students have continued access to quality education even when health conditions prevent in-person attendance.

2. Aims of Policy:

- To ensure uninterrupted education in case of emergencies.
- To provide equal learning opportunities for all students, regardless of location, socio-economic background, or physical ability.
- To establish standards and guidelines to ensure that distance learning meets the same academic standard as traditional in-person education.
- To encourage the effective use of digital tools and platforms to enhance teaching and learning.

3. Policies:

3.1. Technology for Distance Learning

The school will provide appropriate technological tools and platforms for the effective delivery of distance learning.

3.1.1. Devices: The school will ensure that every student has access to a device (laptop, tablet, or other) sufficient to participate in online lessons.

3.1.2. Learning Platforms: The school will utilize secure and accessible online platforms (e.g., DS digital (MES e learning platform), Google Classroom, Zoom, Microsoft Teams) for course delivery, communication, and assessments.

3.1.3. Internet Access: In cases where students face connectivity issues, the school will work with families and assist in resolving technical issues.

3.1.4. Technical Support: The school will have a dedicated team available to troubleshoot and provide support for both students and educators in case of technical difficulties.

3.2. Providing Distance Learning

3.2.1. Lesson plans and teaching notes will be developed by the teachers and shall be made available on the e learning portal for easy access and implementation.

3.2.2. Students' activities and worksheets shall be uploaded on parent portal.

3.2.3. Teachers should monitor student progress and provide regular feedback. Additionally, counselors and support staff will be available for any emotional or academic support the student may need while learning remotely.

3.2.4. Distance learning assessments will be aligned with in-person expectations, ensuring that remote students receive fair and accurate evaluations based on their learning outcomes.

3.3. Communication and Collaboration

3.3.1. Regular Updates: The school will provide regular updates to parents/guardians and students on the status of distance learning, including any changes in policies, technology, or procedures.

3.3.2. Feedback Mechanisms: Students and parents will have opportunities to provide feedback on the effectiveness of distance learning. This feedback will be used to improve future delivery and support systems.

3.3.3. Teacher Training: Teachers will undergo regular professional development to enhance their skills in delivering high-quality distance learning. This includes training on digital tools, student engagement strategies, and best practices for online assessments.

Providing distance learning to students in the event of health conditions that prevent the student from attending school:

● **Educational tools:**

E-learning (DS Portal), Zoom App (during online classes), Parent Portal.

Chapter wise notes are also uploaded on the parents' portal.

● **Strategies used to make teaching effective are:**

- Worksheets/assignments are uploaded on parent portal which will be corrected by the teachers. Also, answer keys are provided for assistance of students and parents.
- Recorded audio clips/video clips are forwarded to the students to develop their vocabulary.
- e-learning portal access from home:
 - a. Recorded videos/lesson summary/question bank/concept worksheets are available on e-learning portal.
 - b. E book (Macmillan series)
- Parents are Informed about the Students' Performance.
- Counsellors shall be in touch with the students to support their emotional well-being.

Conclusion:

- Since education is considered a fundamental driver of economic and social development, the MES Indian School has given great importance to providing high-quality education that helps develop and enhance students' skills. This, in turn, fosters innovation and contributes to achieving the well-being and progress of societies by graduating from an educated workforce capable of facing future challenges.
- We continually strive to equip students with the necessary knowledge, strengthen their self-confidence, and promote awareness among members of the school community by reinforcing positive values.
