**CIRCULAR**

**Sub: Two Levels of Mathematics for Class X (Basic & Standard)**

- ❖ **The Board Examination in Mathematics is held at two levels in Class X:**
- The nomenclature for the two Examinations will be:  
  
**Mathematics-Standard (041) and Mathematics-Basic (241).**
  - The syllabus, class room teaching and internal assessment for both the levels of Examination will remain the same; so that the students get an opportunity to study the whole range of topics throughout the year and are able to decide upon the level of Board Examination depending upon their aptitude and abilities.
  - The **Standard level** will be meant for students who wish to opt for Mathematics at Sr. Secondary level and the **Basic level** would be for students not keen to pursue Mathematics at higher levels.
  - It may be noted that the students who are opting Mathematics - Basic will have the option of taking Applied Mathematics (241) as an Elective in Class XI Senior Secondary wherever the courses are available, though they may not be permitted to take Mathematics (041) at Senior Secondary level. A student who has opted Mathematics - standard can offer any one of the two available Mathematics at Senior Secondary level. However Internal Assessment will remain the same for both the levels. Further updates will be provided in case CBSE implements any changes to the existing rules.
  - We request you to discuss with your child and select the appropriate option .The Final decision needs to be communicated to the school **by 25<sup>th</sup> May 2026**. If you need further clarification please feel free to contact your Mathematics teacher.
