MY VALUES SHAPE MY IDENTITY

GRADES I to III

Dear Parents/Guardians,

Greetings!

The **"Safe Surfing" Initiative proposed by the Ministry of Education and Higher Education** emphasizes the importance of developing healthy and responsible screen habits among children. It encourages students to use televisions, mobile phones, and tablets wisely for learning, entertainment, and educational activities while following the screen-time limits set by their families.

The Safe Surfing Initiative encourages children to balance screen time with other meaningful activities, such as reading, drawing, playing with siblings, spending quality time with family, and exploring new things. Through this initiative, children learn to use technology safely and wisely while enjoying a healthy and balanced lifestyle.

MESSAGE – 1

Our Partners in Responsibility

Let us help our children develop healthy screen habits from an early age by setting specific times for device use and gently encouraging them to stop when the agreed time is up and move on to other enjoyable and beneficial activities. Let us make time to play and talk with them and enjoy hobbies together, helping them learn to make good use of their free time through meaningful activities away from screens.

We appreciate your cooperation and support in making this initiative meaningful and impactful.
